

BUYING GUIDE

STUVA

Storage system

DESIGN

Ebba Strandmark

CARE INSTRUCTIONS

The frame can be cleaned with a damp cloth and then dried with a clean, dry cloth.

SAFETY

Children rarely do what you expect them to do. They climb, clamber and play with things in ways that are often difficult to foresee. For that reason, always use the wall anchors supplied to secure all storage furniture that is more than 60 cm in height safely to the wall. Our children's furniture and toys are first subjected to risk analyses and then tested to ensure they are suitable for children.

ENVIRONMENT:

STUVA shelf unit and shelves are made out of white foil on fibreboard and particleboard with a filling of recycled paper.

A wardrobe that grows with your child.

With STUVA storage system it's easy for you to keep your child's clothes in order. You can quickly customise it to suit different storage needs thanks to large and small pull-out drawers, shelves and a pull-out bench. STUVA comes with adjustable clothes rails, shelves and wire baskets that can be placed where also the little ones can reach them. Children can give a helping hand to keep things in order and will surely have fun trying to dress up by themselves!

When children and their clothes grow, STUVA can grow with them. Add a big box under the bench and you will find the perfect place for helmets, sport outfits or their favourite baseball bat. STUVA comes with doors and drawers in different colours so it's easy to change the style of your child's room and adapt it to their changing taste.

We have enriched the STUVA series developing a loft bed with desk and storage function. There is also a new changing table in the family that, as time goes by, becomes a play table first and a desk later on. Find out more from page 8.

STUVA is tested to be safe and secure and can be used both as play and work surface.

HOW TO BUILD

The STUVA storage system is easy to put together and adapt to your child's needs. Start by thinking about how you want to use the system, what you will store in it and how much space you have. Then choose the parts you need – frames, doors, drawer fronts, shelves, clothes rails, worktops and wire baskets.

Most parts are available in different heights, widths and colours and all are sold separately, so you're free to combine them as you like. Now all you have to do is build your system piece by piece.

GOOD TO KNOW

1. Children rarely do what you expect them to do. They climb, clamber and play with things in ways that are often difficult to foresee. For that reason, always use the wall anchors supplied to secure all storage furniture that is more than 60 cm in height safely to the wall.

2. Doors and interiors are sold separately. When you buy STUVA doors, both hinges with soft closing and knobs are included.

3. Shelves are sold separately.

4. A shelf, sold separately, is needed as a divider between the shelf unit and the drawers in the storage solution. Drawers and drawers fronts are also sold separately.

5. The system is flexible with many possibilities of combinations. Choose a combination that fits the space available in your home and meets your storage needs.

6. A tip is to place the clothes rail and the wire basket so the children can reach them, then they can choose their own outfits and help keeping everything in order.

7. In this combination there are also a bench that can be used as a small work desk where all children's chairs and children's stools from Children's IKEA can fit. You can always transform the bench into an extra storage space by simply adding a storage box underneath.

8. Safety is very important to us, therefore our children's furniture and toys are subjected to risk analyses and tested to ensure that they are suitable for children.

DOOR AND DRAWER SOLUTIONS

With STUVA you can create your own solution with doors and drawers, according to your needs. On the web you can also plan your combination using the STUVA planning tool on www.IKEA.com.tr/en

DOORS

DRAWER FRONTS

Door 60x128 cm
(handles sold separately)

Door 60x64 cm

Drawer front
60x32 cm

Drawer front
60x16 cm

Storage box
90x49x48 cm

(The 30 cm and the 50 cm deep solution can be also hung on the wall)

COMBINATIONS

Storage bench. Low storage to match your child's height; makes it easier for them to reach and organize their things. Can also be used as a bench.

Total size: 90×50×50 cm.

FOR LITTLE CHILDREN THAT GROW FAST

STUVA cot

Cot with drawers.

Choose the colour of drawers that you like and match the style of your child's room. The cot base can be placed at two different heights.

1. When the baby is very small the base can be placed at the higher position.
2. As soon as the baby starts to seat by themselves, place the base at the lower position.
3. When the child is big enough to climb into the bed, one cot side can be removed.

Total size: 126×66×86 cm (for mattress size: 120×60 cm).
(690.011.44)

STUVA MÅLAD drawer front 60×16 cm, white	601.286.80	2 pcs
STUVA GRUNDLIG drawer without front 16 cm, white	701.286.89	2 pcs

You can complete STUVA cot with the mattresses designed to perfectly fit all our cots.

VYSSA SKÖNT pocket spring mattress for cot.

Thickness: 10 cm. White. High resilience foam with pressure-relieving capacity provides good comfort for your baby. A durable mattress that can be used for a longer period of time. Material: High resilience foam and jersey cover.

60×120 cm 501.501.86

VYSSA VACKERT foam mattress for cot.

Thickness: 10 cm. Blue. A durable pocket spring mattress that provides very precise support for your baby's body, and can be used for a longer period of time. The spring construction allows air to flow freely, creating better ventilation and a favourable sleeping climate. Protective foam box for added comfort and durability. Material: Pocket springs and velour cover.

60×120 cm 401.501.82

STUVA changing table/desk

STUVA changing table grows with the child and becomes a play table where the child can stand having fun with toys or crafts. As time goes by, you can transform the play table even further by placing the top at the highest desk position and obtain a comfortable desk where the child can sit and do their homework. You can complete STUVA changing table/desk with boxes and little storage solutions, see "Storage and accessories" at the end of this guide.

1. STUVA changing table with 3 drawers	891.236.01
2. STUVA play table with 2 drawers	490.358.90
3. STUVA desk with 2 drawers	991.241.34

HOW TO BUILD

STUVA loft bed with desk and storage

STUVA loft bed/desk offers different assembly possibilities, illustrated below. You can add doors and drawers according to your needs, or choose to have an open storage solution. STUVA GRUNDLIG shelves, wire baskets and clothes rail complete the STUVA offer. The desk comes with cable management and the anti-slipping steps of the ladder have

space allowance that enable the child to place their hands around each individual step. The ladder mounts on the right side of the bed only. We recommend to use a mattress that is max 20 cm thick.

Bunk and loft beds are recommended for children from the age of 6 years.

Desk parallel to the bed and access to the wardrobe doors from the outer side. You can assemble STUVA loft bed in a way that the desk fits perfectly under the bed. In order to do so, place the doors of the wardrobe on the outer side of the loft bed.

Desk perpendicular to the bed and access to the wardrobe doors from the inside. If the room is narrow, you can assemble the desk so that it is perpendicular to the loft bed. In this way, both desk and wardrobe can be accessed from the same side.

Desk perpendicular to the bed and access to the wardrobe doors from the outer side. If the space at your disposal has no restrictions, you can assemble STUVA loft bed in a way that the desk is perpendicular to the loft bed and the wardrobe doors can be accessed from the outer side.
